### Infants 3 and the Geodesic dome

On **Tuesday 12<sup>th</sup> February**, Infant 3 had 2 architects, Gavin and Fran, work with them for the day, which linked with their Science and History topics.

It was a fantastic opportunity for the girls who thoroughly enjoyed themselves and learnt so much. The girls drew up drawings in the morning for their own 'client' and in the afternoon they built a Geodesic Dome. The dome will now be a permanent fixture in our playground.

The architects have donated it to the school and will be returning to see how we have decorated it. Ideas greatly received!

Visit our photo gallery on 'News & Events' on the school website for more photos!

### Important Reminders
